CARRYOVER / APPOINTMENT RECORD

My results over time

Prepared 2026-10-29 (UTC). Dates in this record use YYYY-MM-DD.

Organized source records for a conversation with your doctor. This record does not diagnose, interpret results or recommend treatment.

FICTIONAL SAMPLE - All values and source documents are invented. This is not a real medical record.

4 tests | 20 plotted readings | 0 written results | 1 unresolved readings

Included groups: Thyroid, Blood count, Blood sugar.

This is a selected snapshot, not a complete medical history. Text recognition and matching can be wrong. Bring original records where possible. Checked labels mean the user compared a reading with its source; they do not represent a clinician review.

Matching status at export: automatic matching is not configured. This fictional sample is prepared in advance and does not call an AI model.

Questions I want to ask

Płytki krwi i żółć: pytania do lekarza.
Überprüfung der Werte: Grüße und Fragen.
Which original records should I bring?

Readings to check (1)

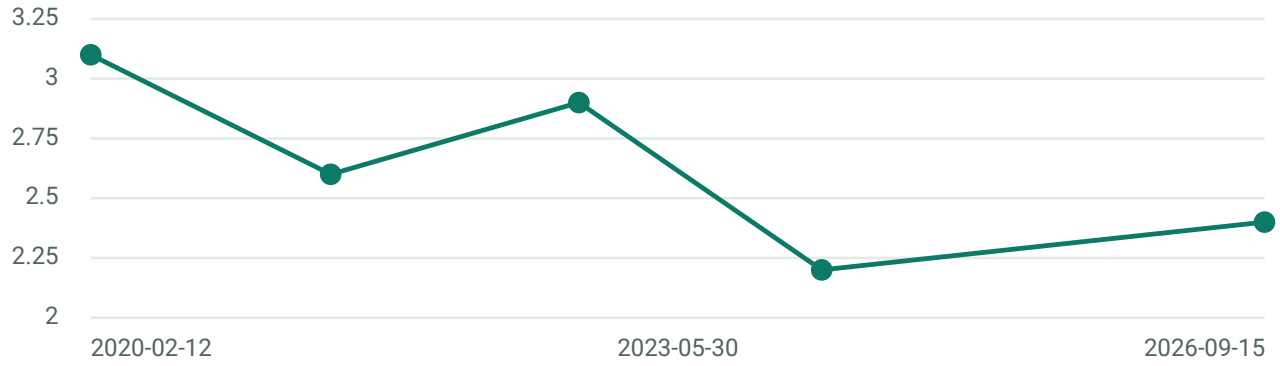
These readings are not plotted. An unresolved reading is not a statement that it is medically abnormal.

Reading / date	Result as read	Why it needs checking / source
Ferritin 2026-09-15	42	The report does not print a unit. Check the source before adding this result to a chart. [5] p.1

Thyroid

TSH (mIU/L)

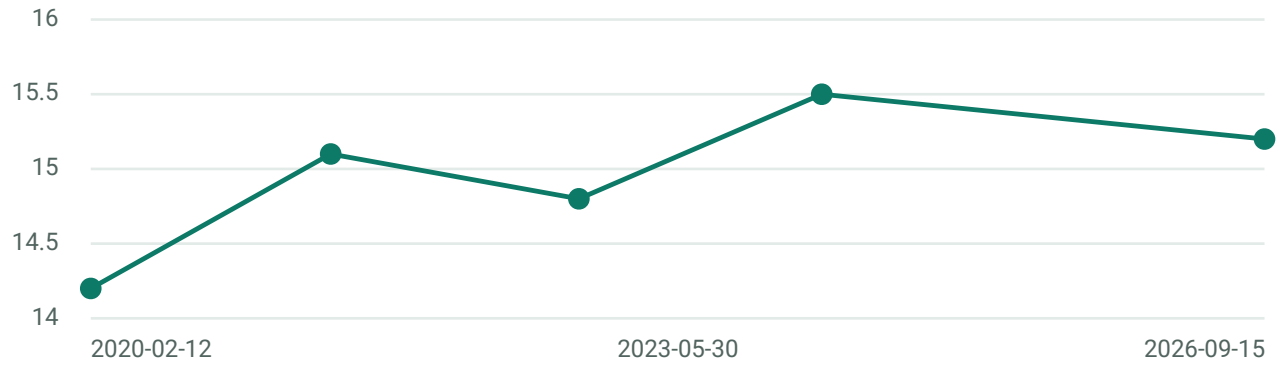
Names on source reports: TSH, Thyreotropin, Thyroid stimulating hormone



Collection date	Result (mIU/L)	Source reading / check	Source
2020-02-12	**3,1**	TSH: 3,1 mIU/L Extracted; not yet checked by user. Printed reference: 0.4–4.0	[1] p.1
2021-06-18	**2,6**	Thyreotropin: 2,6 mIU/L Extracted; not yet checked by user. Printed reference: 0.4–4.0	[2] p.1
2022-11-09	**2.9**	TSH: 2.9 mIU/L Extracted; not yet checked by user. Printed reference: 0.4–4.0	[3] p.1
2024-03-21	**2,2**	TSH: 2,2 mIU/L Extracted; not yet checked by user. Printed reference: 0.4–4.0	[4] p.1
2026-09-15	**2.4**	Thyroid stimulating hormone: 2.4 mIU/L Extracted; not yet checked by user. Printed reference: 0.4–4.0	[5] p.1

Free T4 (pmol/L)

Names on source reports: Tyroksyna wolna, Freies T4, Free T4, FT4



Collection date	Result (pmol/L)	Source reading / check	Source
2020-02-12	**14,2**	Tyroksyna wolna: 14,2 pmol/L Extracted; not yet checked by user. Printed reference: 12–22	[1] p.1
2021-06-18	**15,1**	Freies T4: 15,1 pmol/L Extracted; not yet checked by user. Printed reference: 12–22	[2] p.1
2022-11-09	**14.8**	Free T4: 14.8 pmol/L Extracted; not yet checked by user. Printed reference: 12–22	[3] p.1
2024-03-21	**15,5**	FT4: 15,5 pmol/L Extracted; not yet checked by user. Printed reference: 12–22	[4] p.1
2026-09-15	**15.2**	Free T4: 15.2 pmol/L Extracted; not yet checked by user. Printed reference: 12–22	[5] p.1

Blood count

Platelets (10^9/L)

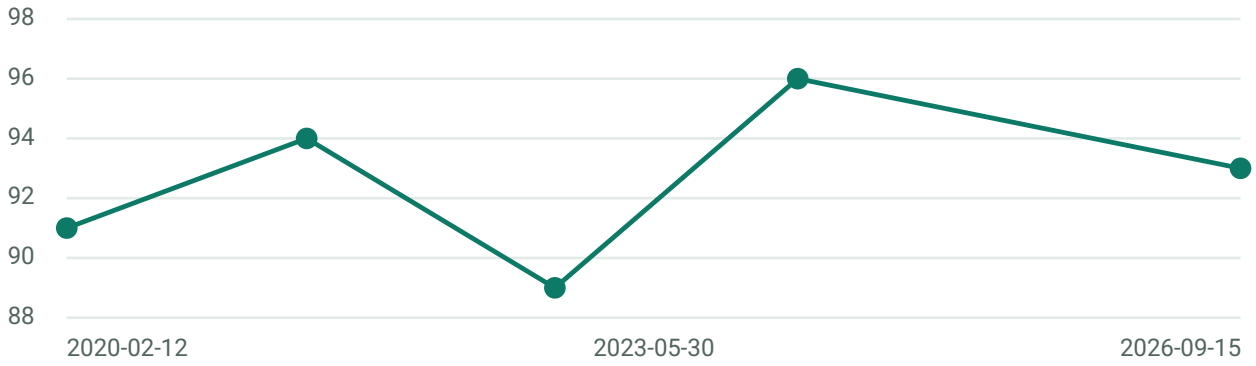
Names on source reports: Płytki krwi, Thrombozyten, Platelets, PLT

Collection date	Result (10^9/L)	Source reading / check	Source
2020-02-12	**251**	Płytki krwi: 251 10^9/L Extracted; not yet checked by user. Printed reference: 150–400	[1] p.1
2021-06-18	**238**	Thrombozyten: 238 10^9/L Extracted; not yet checked by user. Printed reference: 150–400	[2] p.1
2022-11-09	**264**	Platelets: 264 10^9/L Extracted; not yet checked by user. Printed reference: 150–400	[3] p.1
2024-03-21	**247**	Płytki krwi: 247 10^9/L Extracted; not yet checked by user. Printed reference: 150–400	[4] p.1
2026-09-15	**256**	PLT: 256 10^9/L Extracted; not yet checked by user. Printed reference: 150–400	[5] p.1

Blood sugar

Glucose (mg/dL)

Names on source reports: Glukoza, Glukose, Glucose



Collection date	Result (mg/dL)	Source reading / check	Source
2020-02-12	**91**	Glukoza: 91 mg/dL Extracted; not yet checked by user. Printed reference: 70–99	[1] p.1
2021-06-18	**94**	Glukose: 94 mg/dL Extracted; not yet checked by user. Printed reference: 70–99	[2] p.1
2022-11-09	**89**	Glucose: 89 mg/dL Extracted; not yet checked by user. Printed reference: 70–99	[3] p.1
2024-03-21	**96**	Glukoza: 96 mg/dL Extracted; not yet checked by user. Printed reference: 70–99	[4] p.1
2026-09-15	**93**	Glucose: 93 mg/dL Extracted; not yet checked by user. Printed reference: 70–99	[5] p.1

How to read this record

Each chart shows one test in the stated unit. Dates are calendar dates and do not shift with your time zone. Hollow markers and <, >, ≤, ≥ indicate reported limits, not exact measurements. Lines connect recorded observations and do not predict values between tests. Tables retain the source reading and mark unit conversions. Duplicate copies are listed as additional sources.
